Lisarow High School Creative & Performing Arts Academy

The CAPA class provides the opportunity for your child to be part of a class that fosters your child's creative minds.

It provides students with opportunities to explore and nurture their interest/passion in the creative and performing arts.

Students will be extended in the forms of Dance, Drama, Music and Visual Arts. Students will have the opportunity to engage in their discipline with trained educators, additional excursions in their discipline as well as form links between the four disciplines to encourage further growth in their field.

Lisarow High School is excited to be offering your children the opportunity to be involved in the Creative & Performing Arts Academy. We aim to provide an education where students are supported and challenged to reach their potential and perform or create amongst their creative peers.

We are dedicated to empowering students to achieve their goals as well as uphold the core values of respect, responsibility, integrity and commitment.
